Fence Information: (Height, materials); **please include a site plan with fence location**

I hereby make application for a fence permit to perform work as described above, and if the permit is granted I agree to comply with all applicable and pertinent governing regulations and ordinances pertaining to and in accordance with any plans submitted. I understand failure to comply with these regulations could result in revocation of the permit. By signing this permit the property owner acknowledges that all fences are installed at the owner's sole risk and must not block or alter drainage. Any fence placed within a utility, drainage, or access easement may be removed by the City or utility providers at any time if needed for maintenance or operations, without compensation. All costs for removal, repair, or replacement are the owner's responsibility, and the City assumes no liability for drainage or easement conflicts caused by the fence.
